› WHAT THIS DOCUMENT UPGRADES (CANON)

- 1) 4TRESS: non-legal trademark readiness assistant (hard safety rules)
..... 2) brandL: handle & identity consolidation framework + outreach template
..... 3) 4IELD: landscape saturation & semantic crowding intelligence layer
..... 4) Pricing: locked tier names + price anchors + export types
..... 5) Onboarding: landing hero copy + intake microcopy + trust framing
..... 6) Pitch: 12-slide, content-ready investor deck skeleton
..... 7) UX: global “My Archive” access from every screen (V4ULT filtered view)
..... 8) System Health: ‘Hallucination / Confusion Gauge’ as Model Health meter

› PRICING (LOCKED) – PRODUCT CONFIG

Free – Scout

- dRANb: 1 project / month; limited name generation; basic top-line scoring
- Output: watermarked decision report; no exports

Pro – Founder (\$39/mo or \$360/yr)

- Unlimited projects; full scoring + explanations
- Shortlisting + comparisons; exports: PDF/DOCX/MD/JSON
- brandL: domain + handle likelihood signals; guided next steps

Premium – Company (\$99/mo or \$900/yr)

- Everything in Pro
- brandL: identity consistency + reclaimability assessment
- 4IELD: landscape + saturation intelligence
- 4TRESS: readiness + copy-paste filing guidance
- Monitoring alerts (quarterly); priority processing

Enterprise / Agency – Platform

- Multi-brand workspaces; team roles; white-label reports; API access
- Custom monitoring cadence; SLA + compliance review

› ONBOARDING COPY (FINAL) – COPY LIBRARY ENTRY

..... Headline Name it once. Decide with confidence.
..... Subhead dRANb helps you generate, evaluate, & select brand names
..... that hold up in the real world.
..... Trust framing No legal advice. No scraping. No threats. No guarantees.
..... Intake microcopy .. Be specific. Vague inputs produce fragile names.

 » PITCH DECK GENERATOR (3XEC MODULE)

..... Generate a 12-slide deck from project inputs:
..... - Problem / Stakes / Market
..... - Why now / Differentiation / Moat
..... - Product (dRANb → brandL → 4IELD → 4TRESS → Brandle wrap)
..... - Traction plan / Pricing / Ask

 » 4TRESS SAFETY GUARDRAILS (NON-NEGOTIABLE)

..... - Always display: “Not legal advice” banner
..... - Never draft cease-and-desist letters
..... - Never threaten; never guarantee outcomes
..... - Provide: step-by-step flow, templates, risk framing, safety language

 » UX ENHANCEMENTS (CLIENT TRUST)

..... - Persistent top-nav button: “My Archive” (opens V4ULT scoped to project)
..... - “Decision Artifacts” tab in exports: names, scores, rationale, next steps

 » MODEL HEALTH METER (CONFUSION GAUGE)

..... - Visible indicator: OK / Working / Confused / Risk
..... - Thresholds: Warn at 75%; stop & request clarification at 85%
..... - Logs: any warning emits Tier C audit event (anonymized)

 » LOVABLE EDIT PROMPT

..... Use the included update prompt to add:
..... - Pricing config page + plan entitlements
..... - Copy Library (Onboarding + Outreach templates) with versioning
..... - Pitch Deck generator (3XEC) export to PDF/DOCX/MD
..... - Global “My Archive” shortcut (V4ULT scoped view)
..... - Model Health meter UI component + logging

.

Benediction: A name is not chosen. It is defended.
